

Katuska Petit has more than 20 years of experience in Accounting, Business Administration and in the Human Resources area. I work for a Transportation company generating big business and commercial income. Throughout this time I have developed the knowledge to do business, make good business relationships with multinational entrepreneurs such as Nestle, General Electric, Caterpillar, National and International Food Distributors. From the beginning of my career I know the importance of obtaining good long-term contracts for the benefits of both parties. In 2016 I started my career in real estate, I also certified as Commercial Real Estate Agents (CRE), this has become my passion. All my previous knowledge and experience has helped me to capture it here. I specialize in the Central Florida area. I am attentive and listen carefully to all the needs of my clients, to guide them in the process of choosing a suitable property for their industry or business. I am an active member, TotalCommercial, of the Orlando Association of Regional Realtors, of the National Association of Real Estate Agents

LA ROSA CRE
THE COMMERCIAL DIVISION OF LA ROSA REALTY
