LAND DEVELOPMENT REGULATIONS

COLDWELL BANKER
COMMERCIAL
HARTUNG

Sec. 10-167. High Intensity Urban Activity Center District

(a) Purpose and Intent. The purpose and intent of this zoning district is to establish an urban activity center providing for community wide or regional commercial activities located in proximity to multi-family housing and office employment centers. This district is intended to provide large scale commercial activities to serve the retail market of region as well as the community. The intense commercial of this district promotes the efficiency of the transportation system through consolidation of trips and discouragement of the unabated sprawl of commercial activities. Planned, integrated development is required to promote synergy between the different allowable land uses. An integrated pedestrian and bicycle access system shall be provided to afford safe and accessible foot and bike travel between the land uses. The district is intended to facilitate efficient traffic flow by allowing only land uses developed with comprehensively planned access, egress, and internal circulation systems. The district will also allow residential development of complimentary intensity of sixteen (16) to forty-five (45) dwelling units per acre.

(b) Allowable Uses. For the purpose of this chapter, the following land use types are allowable in this zoning district and are controlled by the Land Use Development Standards of this chapter, the Comprehensive Plan and Schedules of Permitted Uses.

- (1) Minor Commercial
- (2) Neighborhood Commercial
- (3) Community Commercial
- (4) Regional Commercial
- (5) Highway Commercial
- (6) Minor Office
- (7) Major Office
- (8) Office Park
- (9) Medium Density Residential
- (10) High Density Residential
- (11) Passive Recreation
- (12) Active Recreation
- (13) Community Services
- (14) Light Infrastructure
- (15) Post Secondary
- (16) Light Industrial--Minor

(c) List of Permitted Uses. See Schedules of Permitted Uses, subsection 10-238(1). Non-residential uses on these schedules are itemized according to the Standard Industrial Code (SIC). Proposed activities and uses are indicated in the schedules. The activity or use may be classified as permitted, restricted or permitted through special exception, or not allowed. Restricted and Special Exception Uses must meet the criteria in article VII of this chapter. Chapter 9, Article III sets forth the development approval process required for allowable uses.

(d) *Development Standards.* All proposed development shall meet the Land Use Development Criteria specified in subsections 10-238(2) and (3); Commercial Site Location Standards (section 10-174); Buffer Zone Standards (section 10-177); criteria of the Land Development Standards Schedule (article IV, division 4 of this chapter); and Parking and Loading Requirements (article VI of this chapter).
