

Dear Clients,

Our goal is to develop a relationship with our clients through offering a single-source solution for design, construction and construction management. Our single-source solution entails offering value-added services that will help make the process for any project more time and cost efficient.

We earn the privilege of working with our clients by first understanding their needs for now and in the future, and having the dedication to:

1. Develop a plan that meets the clients' needs and budget.
2. Design with the best use of land and space, materials, aesthetics and/or function.
3. Meet and / or exceed codes, budgets and timelines.
4. Develop and/or manage a professional team of real estate experts, financial specialists, architects, engineers, estimators, superintendents, project managers, vendors and subcontractors that have a sense of urgency and sincere concern for your project.
5. Qualify the best materials and trades at the best prices.
6. Deliver trades that are experienced, qualified and trusted to get the job done right and who will stand behind their work.
7. Provide a professional staff that meticulously manages all projects from design, subcontractor qualification, purchasing and construction to project management and accounting.
8. Most importantly, have the best interest of our clients in mind.

Our ultimate goal is to have a lifetime relationship with our clients. We accomplish that through exceeding your expectations for design, construction, and construction management.

Sincerely,

A handwritten signature in black ink, appearing to read 'Craig S. Danto', written in a cursive style.

Craig S. Danto

SUBCONTRACTOR TESTIMONIALS

Michael Lazar, President, Cambridge Companies

“My experience with Danto Builders has been a very positive one from our first project together, which was the new construction of a two-story, 20,000-square-foot medical office building. They met our timelines and performed under budget. Danto Builders also performed expertly on the interior finishes and build out to a high standard.

“We have continued our relationship with Danto Builders in the renovation and restoration of other properties under our ownership. Our company is planning a substantial residential development and have engaged Danto Builders’ interest in assisting the project.

“We have in all respects been highly satisfied in their total professional performance.”

COMPANY PROFILE

Mission to Exceed

Danto Builders' mission is to exceed our clients' expectations for land development, design, construction and construction management. Exceeding expectation for land development entails maximizing the density of your land. Going beyond for design means providing the best use of space, unique materials, aesthetics and function. In construction, it means getting the job done timely, safely and cost efficiently. And construction management exceeds expectations by making your life easier through an uneventful and enjoyable process. With this mission, we strive to build a lifetime relationship with our clients so that on future projects there will be absolutely no question with whom you want on your team.

Qualifications to Exceed

Danto Builders has successfully acquired, financed, developed, designed, planned and built commercial, industrial and residential projects for four generations throughout the United States. (See References and Project Experience.) Our experience in design and all phases of construction, and our attention to details enables us to deliver quality construction in which we are confident you will be 100 percent satisfied.

Danto Builders has a staff of experienced professionals and resources for real estate acquisition, financing, land development, design, estimating jobs, project management and accounting. Whether you are considering renovating an existing structure, designing and constructing a new building, or purchasing and developing a property, Danto Builders offers a team with total turnkey solutions.

Key Executive Team

Craig Danto, Chief Executive Officer, was raised in the construction industry in Michigan and has been in Florida for over 40 years. He has worked for and with some of the largest builders as a subcontractor, builder and co-developer. Craig's experience in land planning and development and dealing with architects, along with his extensive construction and engineering background, allow him to quickly understand clients' visions and place them on paper, work with design professionals and complete the development and construction efficiently and effectively. Craig has helped many clients develop and get approved zoning and plans for properties, which provide the best and highest use of the land. He provides in-house preliminary structural and design drawings, which help the communications among the engineers, architects, designers and construction professionals when developing plans and budgets. Given Craig's relationships in the industry, he is able to contract quality and experienced resources to complete the construction. (For more information on Craig's experience, see References and Project Experience.)

Debbie Danto, MBA, LEED AP, CGC is our Chief Operating Officer and is responsible for the daily operations and business development of Danto Builders. She has over 30 years of experience in developing and operating businesses, and 15 in the construction industry. Debbie graduated from Ohio State University with her bachelor of science in business administration and MBA from Cleveland State University. Her career started with Pizza Hut and Arby's, which then led into working in the manufacturing, construction and engineering-related industries.

Mariana De Souza is our director of finance and compliance. She fluently speaks English, Portuguese and Spanish. She oversees our bookkeeping, insurance, bonding, certifications, bidding and office administration. She has a degree in business administration. Mariana has experience with QuickBooks Pro, AIA contracts and applications, job costing, insurance, payroll, accounts receivable and accounts payable.

Our Team (continued)

William “Mason” Courtney, Director of Operations, has 15 years of experience in the construction industry. He was born and raised in the design and construction industry and has a vast amount of construction experience with a spectrum of projects, including Restaurants, Breweries, Office Buildouts, Schools, Shopping Centers, Concrete Plants, and Airports. He is a Project Manager / Estimator for Danto Builders. Mason has a commitment to always provide sound general contracting services, as well as value engineering options, while using the most up to date and cutting-edge tools in the construction industry. He has a working knowledge of Blue Beam, ISqFt, OST, Microsoft Project and SmartSheet. Mason is a Florida native and NSU graduate from Wayne Huizenga School of Business.

Yanet Hernandez, Project Manager, has an architectural degree and over 10 years of experience working in the construction industry. Projects varied in size (up to \$12.3 million), scope and type, including government, high-end retail, pharmaceutical storage and luxury residence projects. Her responsibilities have included plan review, estimating, construction project management, pre-construction coordination, bidding process, start-up documents, (subcontract agreements, buyout logs, submittals, RFIs and drawing logs), contract negotiations, change orders, communications with field personnel, reports, permits, certified payroll verification, and correspondence with owners, owner’s representatives, city / county officials and designers. She works with Bluebeam Revu, Adobe in Design, Sketchup and Procore. Yanet speaks English and Spanish. She has her 30-hour OSHA Certification.

Danilo Garma, Project Manager / Superintendent, has a structural engineering degree and over 10 years of experience working in the construction industry. Projects varied in size (up to \$12 million), scope and type, including mixed use, residential, commercial, hospitality and industrial projects. He has taken on various positions and responsibilities throughout his career, including construction project manager in pre-construction services support, client management, project & contract administration, field project management and scheduling, cost control management, project closeout, and construction estimation & take-off organized per CSI Construction Divisions. Danilo has professional knowledge in construction engineering and structural design. He has a strong working knowledge with BIM technologies, Autodesk Revit, AutoCAD, Bluebeam, MS Office and Procore. Danilo speaks English and Spanish fluently. Danilo has his 30-hour OSHA Certification.

Mario Hermida, Superintendent, has over 20 years of experience in the field and supervises and manages the most complicated projects. He is OSHA 10 certified.

Manuel Ravelo, Project Manager / Superintendent, has an architectural degree and over 10 years of experience working in the residential and commercial construction industry. He has completed retail, government and school projects. Manny has been involved in all phases of preconstruction and construction, from estimating and sourcing labor and materials to the supervision and management of the projects.

Thomas Brighton, Estimator, started in construction in 1999. He received his Bachelor’s in Business from Indiana University. Since graduating from college, Tom held several management positions and eventually focused his skills in estimating. He is responsible for scoping work and take offs to detailed budgets and proposals.

Michael Siska, Project Manager / Superintendent, started in the field as a carpenter and welder in 2014. Mike has an associates degree in Building Construction Technology and Construction Project Management Certification. He is also OSHA 30 Certified. He has worked on Disney and Cirque De Soleil projects which entailed intensive scheduling and budgets.

SERVICES

Danto Builders, LLC is a design, build and construction management company that provides extensive services to support you in all phases of the construction process.

Land Development

You have current and future needs with respect to your property and for which we take great lengths to understand. We will explore with you the property location and possibilities to maximize the density of your land and create the best and highest use of your property.

Danto Builders and its team have extensive experience working with the cities, building departments, community redevelopment associations, public utilities, Army Corps of Engineers and FDOT. Therefore, we can assist you in getting zoning changes and applying for variances, i.e. additional units approved or mixed usage versus what might now be on your plans. We can also help you get zoning changes for the type of use for your land, i.e. agricultural or residential to multifamily use.

Design Build

Danto Builders excels at developing your vision onto paper and designing it practically to meet construction requirements, codes and budgets. In this design process, Danto Builders will understand your current and future needs of your project. Given your location and concept, we will create specifications with our design team. The design team will draft the preliminary plans to meet your design and budget goals. With our experienced design build team, we will make suggestions to enhance your project with respect to aesthetics, size, layout, functionality and constructability.

The benefit of design build to investors and owners is that Danto Builders offers integrated solutions from concept and design through construction. Owners will realize communication, time and cost efficiencies through maximizing the collaborative resources available to them.

Construction Management

Selecting, coordinating and managing your architect, engineers and contractors is a serious, time-consuming activity that if done well can save you a significant amount of time and money. Danto Builders is an expert at being the liaison between the designers and contractors and ensuring that you have a design that can be constructed within your budget on time. Danto Builders manages the bidding and construction process with an open-book approach to ensure the highest quality project is delivered for the best price and least risk.

General Contractor—Commercial, Industrial, Multifamily and Government

Danto Builders has the experience and ability to build the most challenging commercial, industrial, multifamily and government projects. Our industry expertise includes hotels, restaurants, medical facilities, hospitals, multifamily, banks, offices, warehouses / industrial, shopping centers, tenant build outs, commercial buildings, beauty salons, gas stations, amusement parks / entertainment facilities, aviation, bus transit station, park facilities and schools.

General areas of expertise include:

- Site work/Improvements and Underground Infrastructures—Water, Sewer, Electrical, Utilities, Landscaping and Paving;
- New Construction;
- Interior Build Outs; and
- Interior and Exterior Renovations;

Danto Builders has been intimately involved in the pre-construction and construction phases. The following walks you through these phases and how Danto Builders may help you.

Pre-construction Planning

Pre-construction planning is critical to understanding and coordinating your project before we commence any work, and having the construction phase running as smoothly as possible.

Preliminary Planning to Meet Design and Budget Goals

We take the time to understand the site and design plans, and point out any construction concerns before the job starts. We work with your architect to make sure that all details are included on the plans so there are no future additional decisions and extra costs added.

Estimated Budgets that You Can Trust

Danto Builders will review your plans and establish a preliminary budget. We'll analyze costs and recommend the best value for the dollar. We are experts at value engineering plans and suggesting alternate ways to meet your budget without sacrificing quality. Budgets are backed up with competitive bids from our qualified vendors and subcontractors. (See Subcontractor Testimonials.)

Construction

Firm Completion Dates that Are Reliable

Danto Builders' goal is to deliver your project on time, so we establish a critical-path schedule with firm completion dates and keep you informed every step of the way. We have ongoing communications with architects, engineers, subcontractors, banks, inspectors and surveyors, and are proactive in identifying issues in order to prevent delays. Danto Builders understands that time is money, and for businesses you need to get into your building to run your business and make money.

Total Turnkey Construction and Management that Will Put You at Ease

From preliminary plans to the punch list, Danto Builders selects, qualifies, coordinates and manages subcontractors on site and closely monitors projects to ensure quality workmanship and timely construction. We keep you abreast of our progress through daily reports and strive to make you feel comfortable throughout the construction.

Our accounting and job costing are impeccable. Every invoice must be approved and signed by the project manager and owner. Every cost is checked, approved and applied to the job.

surf lessons and camps.

CLIENT TESTIMONIALS

Project Name

Boynton West Professional Medical Center

Address

Boynton Beach, FL

Client

Cambridge Companies

Architect

Pgal

Project Description

New construction of a two-story, 20,000-square-foot medical office building and 40,000 square feet of complete Medical office build outs.

Alan M. Levy, President, Levy Realty Advisors Inc.

“During my 28 years working with contractors in South Florida, I have never experienced such a smooth, problem-free transition from start to finish on any construction project of this magnitude. Danto Builders’ supervision and coordination for the trades and subcontractors workmanship was excellent. They were proactive in problem solving, as all issues were resolved in the field without one documented problem. Inspections were conducted without any delay or rejection. The architect’s final inspection found the project very much to his satisfaction, not one problem had surfaced from start to finish. Additionally, Danto Builders saved us \$88,000. I would highly recommend Danto Builders for any construction jobs in the future.”

FEATURED PROJECT

Project Name

Fort Lauderdale Executive Airport
Administration Building

Address

Project Names

The Clarendon
Custom Home Renovation
Tom Jr. 's Restaurant

Client / Architect

Digby Bridges, Marsh & Associates, P.A.

Project Description

Developed, designed and built the Clarendon.

Completed major second-story custom home addition.

Completed new construction and restaurant build out of Tom Jr. 's Restaurant in 60 days from permit to certificate of completion. Coordinated the details (finishes, equipment) with architect, Digby Bridges. Fast tracked job through strong relationships with the building departments and threshold engineer inspectors. Included all site work and landscaping.

The Clarendon

Custom Home Renovation and Addition

Tom Jr.s Restaurant

Digby Bridges, Architect
Digby Bridges, Marsh & Associates, P.A.

“Danto Builders delivers an excellent product with regards to new and restored construction work. We have been associated with the principals of this company for over 25 years. Projects undertaken have included high-rise, custom-residential and commercial work. To date, the experience has been very professional and work has been to the highest quality. The company operates under strong family principles, which result in unusual pride and commitment not common in the industry today. The most impressive aspect of Danto Builders is their ability to analyze and forecast issues ahead of time giving all other professionals an opportunity to create solutions. They also understand working to a budget without jeopardizing quality.”

FEATURED PROJECT

Crystal House Incorporated

Project Description

Glazing, Waterproofing, Painting
and Concrete Restoration

Jose Espinosa, General Manager of the Crystal House

“I just wanted to let all of you at Danto Builders know that it was a pleasure dealing with your firm in the course of the construction work performed for our building.

“Since the start of our project, I was so impressed by your employees professionalism and performance. Your management made the project flow smoothly.

I cannot thank you enough for your input and expertise in this difficult and complex project.

Lastly, the project was completed on time and on budget!!!!
Again, thank you and feel free to list me as one of your references for future jobs.

Project Name

Dania Beach Design Center

Address

Dania Beach, FL

Client

Levy Realty Advisors

Project Description

Exterior renovation of 10 warehouses, 200,000-square-foot

Michael Levy, Leasing Agent, Levy Realty Advisors Inc.

“Leasing at the new Dania Design Center is up 100% and a large part of that is due to your design and construction of phase I. The previous contractor almost ruined, not only our buildings, but our reputation and image. You and your team of professionals not only managed the construction process, but got us back on track with minimal delays.

“Since the projects completion, we have received an overwhelmingly positive response. The facade renovations attract new potential tenants, agents and brokers, as well as several local building owners. We are looking forward to your input and bid for phase II mainly because we know and trust that you will deliver a quality job, on time, and within budget.”

Project Name

Sunrise 46

Address

Dania Beach, FL

Client

Genet Property Group

Project Description

Emergency exterior and interior renovations of a 200,000-square-foot light industrial / commercial warehouse building complex after Hurricane Wilma

Ben Genet, President, Genet Property Group

“We would like to take this opportunity to thank you and your team at Danto Builders for fast-tracking our project here in Sunrise. As you are well aware, after Hurricane Wilma our property was destroyed and most of our tenants had to vacate the office/warehouse building. It became essential to our company and to our tenants that we complete the job of repairing this building quickly and efficiently so we could all get back to business.

“We were able to accomplish this with your speed, accuracy and open-book policy. We were all back in business in record time! Thank you and your team for your tremendous effort in getting the job done.

“We look forward to working with you on future projects.”

FEATURED PROJECT

Project Name

Mazza Kitchen

Address

1530 N. Federal Highway, Bay
#F-12Fort Lauderdale, FL
33304

Client

Southeast Restaurant Ven-
tures Fort Lauderdale

Project Description

1,500-square-foot restaurant
demolition and interior build
out for kitchen, dining, finish-
es and restrooms in a first-
generation restaurant space.

Designer

Marenic Food Services Con-
sulting

John Marenic, Marenic Food Services Consulting

“As a Restaurant Designer, I don't get the opportunity to give Danto Builders all my design projects but if I could it sure would save me a lot of headaches. On the Mazza project Danto faced many behind the scenes issues which most builders would have just walked away from but not once did they break their professional stance. Issues which they had nothing to do with they took in stride and went out of their way to resolve in order to get the job done. Many times this goes unnoticed by the people who caused the problems because they just want their problems to disappear yet no one takes the time today to thank people for doing the right thing. What Danto Builders did on this project wasn't right for them or for their pocket but it was right for their client. That says more about a reputation than anything any of us can write. Thank you Craig & Debbie for a job well done. “

FEATURED PROJECT

AIA Fort Lauderdale
Gold Coast Builders Association

Henry Hermida, CFMH Business Director

“We are writing to express how impressed we are with the exceptional work you have done for us at our Segafredo of Pembroke Pines restaurant and lounge. Your suggestions, attention to detail, and manner in which you look out for your customer's best interest, are qualities your company has proved to have. From inception to completion your company has been very professional and at all times on task to help us maintain the concept and vision we desired. You should be very proud of your efficient team.’

Project Name
Cuchina D' Angelo

Address
Boca Raton, FL

Client
Casa D' Angelo

Designer
Crawford Design

Project Description
Entailed demolition, design and build out of fine dining restaurant and wine cellar in 40 days. Rebuilt kitchen. Features Tuscany wood-burning pizza oven, mahogany and etched-glass room dividers and custom precast and millwork. Built a private, soundproof dining room with wine cellar. The wine cellar is temperature-controlled with thermo glass and custom rod iron gate.

Sal Mauro, Owner, Casa D' Angelo

“I want to thank Danto Builders again for putting in the extra effort in undertaking the Cuchina D' Angelo design and build project in the middle of the season. I couldn't believe that you got our Certificate of Occupancy within 40 days, given the average is three to four months! I was especially surprised that you were able to accomplish this given the scope of the work, including demolition, redesigning the kitchen and dining room and calling in an architect to draw “as built” based on your design.

“The compliments that the Cuchina D' Angelo receives on its décor and finishes are directly contributed to the concepts, design and finishes of which you provided.”

Housing Department

Architect

E & E Consulting Engineers

Project Description

Demolition and re-
construction of new home

Chris and Gena Osceola,
Seminole Tribe of Florida

“Gena and I would like take this opportunity to thank you and your team for the most outstanding job you did in fixing and completing our new home. When you took this job the home was a complete disaster from every aspect due to our previous builder’s lack of knowledge, dedication and pride, something you displayed on a daily basis. Throughout the project we were amazed at how dedicated you were in ensuring quality workmanship, and making sure everything was exactly the way we wanted it. You showed us what it was like to work with a true professional.

“Now that we are settled in our new home we are truly delighted with the result you were able to achieve. We both feel that you really went above and beyond your call of duty as our homebuilder and it shows with all of the ideas and recommendations you gave us. You have helped us build a home that we can be proud of and enjoy for many years to come and I would absolutely highly recommend OSBD/DB to anyone looking for a quality contractor.”

SUBCONTRACTOR TESTIMONIALS

Danto Builders takes great pride in the fact that long-term relationships are developed with its subcontractors. Below are testimonials from a few of our partners.

Al Pollard, EZ Plumbing

WE ARE CURRENTLY WORKING WITH DANTO BUILDERS ON THE KIRK COTTRELL PAVILION IN DEERFIELD BEACH FOR THE CITY OF DEERFIELD BEACH WITH A NEW GROUND-UP STRUCTURE. WE HAVE DONE SEVERAL LARGE BUILDOUTS WITH THEM, REMODEL RESTURANTS, AND NEW CONSTRUCTION. A COUPLE PROJECTS INCLUDE AN ADDITION AND MAJOR RENOVATIONS AT THE FORT LAUDERDALE EXECUTIVE AIRPORT AND BUILD OUT OF THE BROWARD HEALTH EXECUTIVE OFFICES. WE HAVE BEEN WORKING WITH DANTO BUILDERS FOR 4 YEARS SINCE WE HAVE BEEN IN BUSINESS. WE HAVE APPRECIATED THE WAY THEIR TEAM WORKS WITH THE OWNERS AND US TO SOLVE PROBLEMS WHEN THEY OCCUR ON THE JOB. THEY ARE VERY FAIR AND HONEST WITH EVERY CONTRACTOR WORKING ON THE JOB. I HAVE KNOWN AND WORKED WITH CRAIG AND DEBBIE DANTO FOR MORE THAN 18 YEARS. I WORKED WITH THEM WHEN I WORKED FOR ANOTHER PLUMBING CONTRACTOR FOR 14 YEARS BEFORE EZ PLUMBING SALES AND SERVICES, INC. WENT INTO BUSSINESS. DANTO BUILDERS IS VERY THOROUGH DOING THERE WORK AND THEY TAKE PRIDE IN THERE WORK.

Mike Stuart, Owner, Outback Landscape & Maintenance, Inc.

“This is just a short note to let you know that after a 20-year friendship and about 10 years of working with you, it has been a pleasure. I don’t think after all this time that we have ever had a falling out or dispute over anything we’ve ever done together. Not many people can say that. I know that you’ve worked hard to build your reputation to what it is today and I’m sure that it will keep you going for a long time to come, especially since your wife is by your side.”

“Craig, as a businessman myself I’d be happy to work on any job you have. As a friend I’d do just about anything for you.”

Mario Cote, Owner, Mario Enterprises Inc.

“It is a pleasure for me to tell a little bit about Craig Danto / Danto Builders. I have been working for Danto Builders for over 10 years and I always have honest, good steady business with Craig, who is really fun to be around with his sense of humor that you can’t get enough of. I would certainly recommend him to anyone who wants the work done well and right.”

“Allo! C’est avec plaisir de parler de Craig Danto / Danto Builders Inc. J’ai la chance de travailler avec Craig pour deja un peu plus de dix ans et non seulement Craig est un grand homme d’affaire avec continuellement une tres bon service et fier de son travail il a un bon sense d’humour ce qui fait qu’il est toujours de tres bonne compagnie.”

Alexandre Kisselev, Owner, A Square Developers, LLC

“Danto Builders approaches every project as a professional company and is a valuable contributor in reaching positive solutions to issues as they arise during the course of projects. I have personally worked with Danto Builders as a subcontractor for the past two years and find them to be professional and knowledgeable in the planning, management and development needs of a project. This

company fully understands the high standards of quality that customers require for its properties. It is nice to finally have stability and potential growth of my company. I also appreciate the attention and help of Danto Builder's office personnel."

Esteban Kadamani, Owner, Infinite Windows, LLC

"Its being 2 years working with Danto Builders, and I want you to know that I have never seen such a smart, capable, responsible and professional group of people working together to form this amazing company."

"Every day, every job we work together reminds me that it not only takes years of experience and hundreds of satisfied customers to create a big, stable, recognized company; it also takes for its owners and staff to treat people with respect and consideration."

"Thank you for your support, friendship and advices and I hope that we continue working together for many years to come."

"Después de 2 anos de estar trabajando con ustedes, quiero que sepas que nunca en mi vida había trabajado con un grupo de personas tan inteligentes, capaces y responsables como el grupo de personas que tienes trabajando en tu compañía."

"Cada día, cada trabajo que hacemos juntos me recuerda que no solamente requieres de una compañía con muchos anos de experiencia y cientos de clientes satisfechos; también necesitas tener un grupo de personas que traten a la gente con respeto y consideración."

"Gracias por tu ayuda, amistad y consejos y espero que sigamos trabajando juntos por muchos anos."
