# Property Description

## PROPERTY DESCRIPTION

Build your dream home on over a thousand acres of beautiful conservation land in Pasco County, boasting 1,093 acres abundant with wild game, oak hammocks, trails, diverse flora and fauna, lush forests, a scenic lake, and abundant wildlife.

Utilize over an acre of unencumbered land to build your dream home, while the remaining 1,093 acres will be perpetually conserved by a conservation easement and active wetland mitigation bank. Hunt, fish, hike, camp, or ride recreational vehicles within your thousand-acre compound, just minutes from the hustle and bustle of Tampa.

Here, privacy and preservation converge, offering a unique chance to acquire an untouched stretch of nature—a property that provides seclusion while honoring the richness and biodiversity of the natural world. It also hosts critical habitat for the federally endangered wood stork and the state-threatened gopher tortoise.

This active mitigation bank will remain in its native state into perpetuity, with easements already in place. No mitigation credits transfer with the sale, and the only use for this property is what is allowed in the current easement.
