Growing Regional Distribution Hub

Amazon Cargo Hub | Lakeland Linder International Airport

In 2020, Amazon successfully completed its air cargo hub at Lakeland Linder International Ariport. This new location represents Amazon Air's largest facility in the Southeast and is expected to eventually create up to 1,000 jobs, some of which are tied to incentives.

December 2022, Amazon got the green light to move forward in its expansion to double its original footprint. The additional 10.6 acres will include a new truck bay and two parking positions for its airplanes.
