Re: Parcel ID # 29-25-31-4910-0034-0020, 29-25-31-4910-0036-0010

Request # 8279, 8280

Dear Brandi Crain,

Toho Water Authority (Toho) has reviewed your request for a water, reuse and sewer service availability determination and the Parcel ID referenced is within the Toho service area. Toho staff has determined that Toho has potable water, reuse and sewer capacity with existing facilities and expansions as part of planned improvements contained in its Capital Improvement Plan to serve the referenced project. As noted in the attached document, extension and/or upsizing of infrastructure at the Owner's expense may also be required to serve the property. The owner/ developer has not yet reserved capacity. However, subject to a fully executed Development Service Agreement (DSA), approved construction plans, and Florida Department of Environmental Protection permits, the Executive Director or his designee will ensure public facility capacity is reserved for the development in the amounts stated in the System Development Charge (SDC) Assessment letter and subject to the terms of the DSA, including any conditions associated with planned capital improvements serving the property and payment of SDCs.

The current locations of water, reuse and sewer mains are approximately:

- 29-25-31-4910-0034-0020 (8279), 29-25-31-4910-0036-0010 (8280)
- Water main installed.
- Water service line needs to be installed. Service line must be installed on property line.
- 16" Water main approx. 50' east of property. This water service will require a bore and tap.
- Force main installed.
- Force main connection required.
- Force main service line needs to be installed.
- Requires owner to install pump for connection to the force main.
- 8" Force main located near east side of property line. This force main service will require a tap.
- 12" Force main approx. 90' east of property. This force main service will require a bore and tap.
- Reuse main extension required.
- 16" Reuse main approx. 2,280' northeast of property.
- Fire hydrant approx. 555' south of property.

Please note this letter of availability is only valid for one year from the date of this letter. Should the project not have received Toho Water Authority approval and reserved capacity by 05/23/2025, they must request a new Letter of Availability from Toho.

Toho Water Authority looks forward to working with you on this project. If you have any questions, please do not hesitate to contact us. More specific line location information is enclosed.

Sincerely,
Assets and Infrastructure
Toho Water Authority

Toho Request Number: 8279, 8280

Parcel ID & Address: 29-25-31-4910-0034-0020, 29-25-31-4910-0036-0010 / 950 & 1010 S Narcoossee Road, Saint Cloud

The options that have been checked below apply to the referenced property:

Commercial Property Owners Only: Please contact a civil engineer to obtain design and cost information for main or service extensions. Toho does not provide extensions for commercial properties.

WATER

- A water main is installed
 - No hydraulic analysis is required
 - A hydraulic analysis is required, is the responsibility of the Owner, and could result in required main improvements by the Owner
- If a water main is installed, but the site does not have a water service line installed, please visit [Meter Installation Request | Toho Water Authority](#) to begin the process.

SEWER

- A force main is installed
 - No hydraulic analysis is required
 - A hydraulic analysis is required, is the responsibility of the Owner, and could result in required main improvements by the Owner
- A force main connection, lift station or grinder pump needs to be installed. For information please contact Ray Biron at rbiron@tohowater.com

MISCELLANEOUS

- Reuse main **is not** installed; a main extension is required at the customer's expense. For information, contact Ray Biron at rbiron@tohowater.com.

****Please do not request a meter at this time as a meter cannot be set until this installation has been completed***

Service to the site is the customer's responsibility and may require offsite utility improvements performed by a private contractor hired by the customer.

If you would like to speak with someone regarding potential fees or System Development Charges, please contact meterfees@tohowater.com or 407-944-5000 and they will be happy to assist.
