BUSINESS OVERVIEW

This is a business sale with leased space. The business, fixed assets, inventory, and goodwill are for sale. Pro-Machine Inc. is a well-known precision job shop producing full spectrum machined, welded, and sheet metal products. They specialize in short and medium sized prototype projects with quick turnaround times. They have over a half century of experience. They build parts that are so small that they are measured under 60 x microscopes to parts exceeding 6 tons. Their custom tooling is made in house or sheet metal, or special cutters to do specific cutting tasks. Capabilities are virtually endless, but the main focus has been on the theme park industry or the past 25 years. Products are shipped to France, Hong Kong, and California, with the majority of products delivered in Orlando, Florida. Major customer has hundreds of engineers and planners that we are networked with and receive a constant flow of RFQ's [request for quotes]. Several machine's capabilities are 3 and 4 axis CNC milling, 2 axis CNC turning, manual lathe turning rom micro parts to 21" in diameter and 60" length. Business produces precision sheet metal parks with an Accurpress, 100 ton CNC Press Brake with a compliment of tooling. Equipped with the latest 350 Amp Miller Mig and Tig welding machines and support equipment. We use Cincinnati Monoset to create own tooling and re-sharped specialty cutters. The shop has access to a full list of co-op vendors ranging from powder coat, plating, laser, heat treat, hard chrome/grinding, waterjet, and more. Pro-Machine Inc. has endless capabilities to create and produce custom quality products or the manufacturing industry.

PRO-MACHINE INC.

Pro-Machine Inc. is a well known precision job shop producing full spectrum machined, welded, and sheet metal products. We specialize in short and medium sized prototype projects with quick turnaround times. We have over a half century of experience. There are no projects too large nor small. We build parts that are so small that they are measured under 60 x microscopes to parts exceeding 6 tons. Our custom tooling is made in house for sheet metal, or special cutters to do specific cutting tasks. Our capabilities are virtually endless but our main focus has been on the theme park industry for the past 2.5 decades. Our products are shipped to France, Hong Kong, and California, with the majority of products delivered in Orlando, Florida. Our major customer has hundreds of engineers and planners that we are networked with and receive a constant flow of RFQ's [Request for quotes]. Some of our machine's capabilities are 3 and 4 axis CNC milling, 2 axis CNC turning, manual lathe turning from micro parts to 21" in diameter and 60" length. We produce precision sheet metal parts with an Accurpress, 100 ton CNC Press Brake with a compliment of tooling. We are equipped with the latest 350 Amp Miller Mig and Tig welding machines and support equipment. We use Cincinnati Monoset to create our own tooling and re-sharpen specialty cutters. Our shop has access to a full list of co-op vendors ranging from powder coat, plating, laser, heat treat, hard chrome/grinding, waterjet, and more. Major Employers	Walt Disney World Resort Advent Health Universal Orlando Resort Orange County Public Schools University of Central

Primarily driven by tourism, notable events, and convention traffic, Orlando is one of the most-visited cities around the world. In 2021 alone, the city drew more than 59 million visitors. The two largest and most internationally renowned tourist attractions in Orlando are the Walt Disney World Resort and the Universal Orlando Resort. Opened by the Walt Disney Company in 1971, the Walt Disney World Resort is located about 21 miles [34 km] southwest of downtown Orlando in Bay Lake. The Universal Orlando Resort opened in 1990 as a significant expansion of Universal Studios Florida, the only theme park inside Orlando city limits.

Downtown Orlando is home to most of the city's major cultural sites like the Orlando Museum of Art and Dr. Phillips Center for the Performing Arts. Bustling nightlife, bars, and clubs are also located in downtown Orlando, while most attractions are along International Drive, like the Wheel at ICON Park Orlando. Additionally, Orlando is one of the busiest American cities for conferences and conventions, with the Orange County Convention Center recognized as the second-largest convention facility in the United States.

Area	908 sq. mi.	Website	orangecountyfl.net

Located in Central Florida, Orange County boasts a thriving economy. Based on the 2023 census, the county's population was 1,497,941, making it the fifth-most populous county in the entire state. With the city of Orlando as the county seat, Orange County is also home to some of the largest tourist attractions in the world. Destinations like Disney World, Universal Studios, and SeaWorld keep visitors coming year-round. Orange County was originally established on December 29, 1824, from a segment of what was once St. Johns County. Upon establishment, the county would derive its name from the citrus fruit that had been its primary product at the time.
