# The Bryan-College Station Advantage

## TEXAS A&M UNIVERSITY

Texas A&M University is the second largest university of the United States and one of the flagship universities in the state of Texas. Located in between College Station and Bryan, the main campus is home to more than 69,000 students and offers 133 undergraduate career paths. As a central force within College Station, Texas A&M University is a tier 1 research university boasting nationally ranked programs in engineering, agriculture, chemistry, architecture and business. Texas A&M University is a tradition rich campus dating back to 1876 and famous for its Aggie Network, composed of more than 500,000 former students.

## RELLIS CAMPUS

Home to several Texas A&M System state agencies, and over one million square feet of laboratory and office space, RELLIS offers a unique research and development experience. RELLIS is research-driven with active projects in soil erosion, automotive technology, computational mechanics, and alternative energy. The RELLIS Vision is to facilitate interactions between a variety of industries and academia resulting in truly extraordinary relationships.

## BLINN COLLEGE

Established in 1883, Blinn College offers certificates and two-year degrees in more than 50 academic and technical areas of concentration. With over 19,000 students Blinn is one of the largest community colleges in Texas and consistently has one of the highest transfer rates in the state, as well as transferring more students to Texas A&M than any other community college. Blinn College is the first county-owned community college campus in the state of Texas and has campuses located in Brenham, Bryan, Schulenburg, and Sealy.

## TEXAS A&M TRANSPORTATION INSTITUTE

Texas A&M Transportation Institute (TTI) has over 70 years of experience tackling complex transportation challenges and opportunities. With its headquarters in Bryan-College Station, they have a presence in 38 Texas counties and international offices in Qatar and Mexico. Having 700 plus annual projects and over 400 research professionals, the TTI is tackling and innovating the future of transportation.

## TEXAS A&M HEALTH SCIENCE CENTER

As the home of Health Science for Texas A&M University, this medical park houses the next generation of students who will lead the field of medicine. Consisting of three buildings, the A&M Health Science Center is home to students studying nursing, dentistry, pharmacy, public health, and medicine. As a beacon for the future of the health industry, the Texas A&M Health Science Center honors the past and shapes the future.

## Century Square

Century Square is an exciting mixed-use destination adjacent to Texas A&M University. Redefining the Brazos Valley, the 60-acre development creates a dynamic community center where people congregate from across the region to experience a walkable, urban destination.

The project features premier retail and restaurant entertainment venues, 60,000 SF of Class-A office, two full-service hotels: The George and Cavalry Court, luxury apartment homes: 100 Park, and an active central gathering place.

## Veterans Park & Athletic Complex

Athletes, coaches, and spectators have long considered College Station's Veterans Park & Athletic Complex to be a premier venue for local, regional and national tournaments. The complex features 13 multi-purpose fields (4 synthetic) and five natural grass softball fields. Amenities include lights on all fields, batting cages, playgrounds, wi-fi connectivity, pavilion, and more. Tucked away in the park is a 12-acre site dedicated to veterans from our nation's wars. The Brazos Valley Veterans Memorial includes life-sized statues, a Wall of Honor, interpretive panels and memorial sites.

## Travis Bryan Midtown Park

Travis Bryan Midtown Park is well underway, and already both guests and residents alike will be able to enjoy the 150-acre park. It features outdoor athletic fields, Legends Event Center, Big Shots, nature-based recreation opportunities, and more. Back in November, Bryan City Council approved a ground lease to SMBG Bryan, LLC to construct a multi-use recreation and entertainment facility on 5.6 acres in Travis Bryan Midtown Park along the southwest shore of Midtown Lake near the intersection of West Villa Maria Road and South College Avenue. The facility is expected to open by Sept. 1, 2024. The project will include: at least 24 bowling lanes, six pickleball courts, an outdoor amphitheater, arcade, and movie theater rooms.
