EXECUTIVE SUMMARY

PERMITTED USES

St. Lucie County, one of the fastest growing areas in the U.S., is the gateway to South Florida and has been discovered by top industrial developers, manufacturers and distributors. The site has near immediate access to Okechobee Road, Interstate 95 and Florida's Turnpike, so 70% of Florida's population is accessible within 3 hours or less drive time. The site fronts Kings Highway, the County's designated commercial corridor, which was recently widened to four lanes to accommodate the unprecedented growth in the area.

This incredibly well-located property is ready for use as industrial outdoor storage (IOS) or new commercial development. It's filled to grade and substantially paved. Electric, gas, water and sewer are all to site and it's been in constant commercial use for decades. The former home of the Ft. Pierce Casino/Fronton, it was recently occupied by FEMA which used the site for IOS, along with staging of emergency equipment and temporary flat pack housing. A Fortune 50 company currently leases a 10 acre paved portion of the site for truck and trailer parking but can vacate upon 30 day prior notice. A 5 acre paved portion of the site is immediately available.

The site is surrounded by new million square foot plus industrial developments. Ft. Pierce's Treasure Coast International Airport is close by as are Amazon and Walmart distribution centers. A few miles to the South, Costco is developing its new South Florida distribution center. which will total approximately two million square feet under roof once completed. Amazon, Walmart and other Fortune 500 companies are close by.

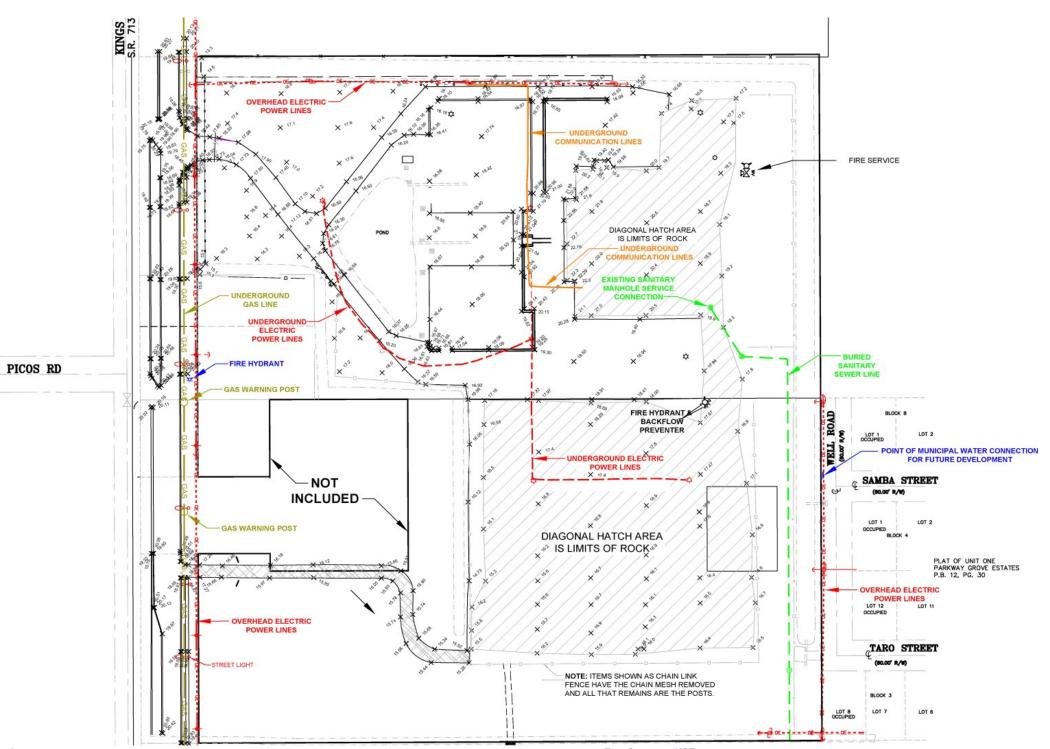

The City and County are growth oriented and extremely development friendly. Working together, they provide incentives for targeted industry and jobs creation, coordinated by the St. Lucie County Economic Development Corporation.

The owner is seeking offers for sale or lease. Please contact Ted | . or John at Infinity Commercial Real Estate for pricing guidance.
