[Growth Opportunities](#)

Expand catering and takeout to capitalize on demand from local businesses and commuters.

Enhance digital presence (website, delivery apps, social media marketing) to reach a broader audience.

Currently operating on a cash-only model. Accepting credit and debit cards can increase sales by 10–20% with minimal investment with a sustainable boost to sales.

The restaurant does not currently serve liquor. Adding tap beer and wine could easily generate an additional \$750,000 – \$1,000,000 in annual revenue, based on demand and market trends.
