Permit Fee	1.8% of construction cost
Open Cuts and Bore(s)	\$63.00 (each)
Maintenance of Traffic (MOT)	\$128.00

(* **LATE CHARGE** Any work that commences without the required permits available on the job site shall be immediately suspended until such time as the required permits have been acquired. A late charge for work commenced without a valid permit issued shall be charged in addition to the normal permit fee. The late charge shall be as prescribed by the Orange County Board of County Commissioners. Emergency work is excluded from the late charges.

The Permit Section will process the permit for approval and assigned the appropriate fee for processing and subsequent issuance of a permit. (*) The original approved Permit or a copy thereof, must be available at all times at the worksite where the work is being performed.

SECTION II CONDITIONS

It is understood and agreed that the rights and privileges herein set out are granted only to the extent of the County's right, title and interest in the land to be entered upon and used by the permittee; and the permittee will at all times assumed all risk of the indemnify, defend, and save harmless the County of Orange from and against all loss, damage, cost or expense arising in any manner on account of the exercise or attempted exercise by said permittee of the aforesaid rights and privileges including but not limited to actions based on claims of negligence, trespass, quiet title, easement and right-of-way disputes, inverse condemnation actions for filed by a property owner and actions for injunctive relief. Permittee shall pay and reimburse Orange County for all attorney fees and cost incurred by Orange County as a result of any litigation, trials, appeals or threatened litigation.

Applicant declares that prior to filling this Permit, if the proposed work is within public right-of-way; he/she has ascertained the location of all existing utilities, both areal and underground. The specific names of the agencies that have been notified must be typed or printed in the space provided, for the specific type of utility. A gas ID number is required.

It is expressly stipulated that this permit is a license for permissive use only and that the placing of facilities upon public property pursuant to this permit shall not operate to create or to vest any property right in said holder.

The construction and/or maintenance of a utility shall not interfere with the property and right of prior occupant.

In the event of widening, repair or reconstruction of a public road or highway, upon reasonable notice the permittee shall move its facilities to clear such construction at no cost to Orange County, insofar as such facilities are within the public right-of-way.

The holder of the permit shall take such safety measures, including the placing and display of caution signs and signals as required by the Manual on Uniform Traffic Control Devices for Streets and Highways, when working in public right-of-way, and shall also prevent any obstructions or conditions which are or may become dangerous to the traveling public

FEES will be computed in accordance with the schedule of fees adopted by the Board of County Commissioners and are payable upon submission

SECTION III, IV and V

SECTIONS ARE DESIGNATED FOR ORANGE COUNTY DEVELOPMENT ENGINEERING DIVISION USE ONLY
