Behavioral Health Group, is an opiate treatment program and outpatient clinic serving the greater Minneapolis/St. Paul metro area, and beyond. Behavioral Health Group provides narcotic replacement therapy services using methadone maintenance as a medication in conjunction with behavioral health treatment services for opiate addiction. They provide ethical and responsible chemical and mental health services in serving a broad spectrum of individuals suffering from opiate addiction. Behavioral Health Group serves adult men and women age 18 and older from a variety of cultures who may also struggle with mental illness. They address each person’s culture and lifestyle which are factors that play an important role in reaching recovery. The Methadone Maintenance Clinic also provides chemical health assessments by appointment in order to determine a diagnosis and set forth a customized, recommended treatment path. Assessments also include additional referrals for individuals who have concerns regarding their substance use and/or chemical dependency.

Largest Network of Joint Commission - Accredited Treatment Centers

With 115 locations in 21 states, BHG has more than 1,900 employees who serve more than 42,000 patients everyday.

Behavioral Health Group (BHG) is the largest network of Join Commission-accredited outpatient opioid treatment and recovery centers in the U.S., delivering comprehensive, personalized evidence-based medical and behavioral therapies for individuals with opioid use disorder (OUD). BHG is committed to a mission of real recovery that goes beyond treatment to include long term solutions for healthier living. Each treatment center is staffed with experienced addiction physicians, counselors, and nurses. Treatment utilizes all three FDA-approved medications for OUD, counseling and behavioral therapy, and low-cost drug testing designed to help manage medication dosage and ensure compliance with treatment. Integral to the BHG recovery program is comprehensive counseling and behavioral therapy.

99% of BHG patients report improved quality of life since admission

98% of BHG patients are satisfied with their treatment

60% of BHG patients obtain employment after one year of treatment

BHG recovery programs perform **60% better** than the industry benchmark for patients testing positive for opioids after one year of treatment.
