3.89 –ACRE HEAVY INDUSTRIAL SITE- RAIL CLARK STREET, APOPKA, FLORIDA 32703 SALE OR LEASE

Description: 3.89-acre industrially zoned site approximately 661' wide and 249' deep. The site is at the grade of surrounding properties (typical 128.5') and well drained. The site drains naturally to the northeast corner. The site is cleared and rough graded.

Location: The property abuts Maitland Boulevard – SR 414 expressway. It is ½ miles east of US 441 – North Orange Blossom Trail and an interchange with SR 414. The site is in unincorporated Orange County but has an Apopka mailing address.

Rail: The property has 352' feet of frontage on Florida Central Railroad (FCEN) and a width of 661' allowing for a long spur or spurs and easy rail access. FCEN is a short-haul railroad connecting to CSX that can provide small and intermediate sized rail users customized deliveries and switching to accommodate the user's requirements. Florida Central Railroad (FCEN) is owned by Pinsly Railroad Company which serves tracks in Ocala, NW Orlando, Bartow and several other states. See www.pinsly.com/companies/florida-central/

Zoning: The property is zoned **Orange County I-4 Heavy Industrial**, Orange County's most lenient industrial zoning category. This zoning category permits outside storage and the processing of bulk materials. See zoning addendum attached.

Access: Access to the property is a 50' wide access and utility easement straddling the west property line of the property at 2459 Clark Street.

2015 Taxes: \$4,156.17 with November early payment discount.

Offerings: The abutting 43,713 sq. ft. industrial facility is also available for lease or purchase.

Rent: \$36,820 per year. Real estate taxes and insurance by tenant.

Purchase: \$526,000 (\$3.10 per sq. ft.)

Orange County I-4 Heavy Industrial Zoning

The following is from *Sec. 38-1001. - Intent and purpose* in the Orange County ordinance:

- (1) To provide for industrial operations of all types, which may produce such by-products as odor, smoke, dust, and noise.
- (2) To provide space for industries which employ the processing of bulk materials and which require space for open storage of materials.
- (3) To establish and maintain standards which will permit a wide variety of processing activities.
- (4) To establish and maintain standards which will protect adjacent residential and commercial developments.

The site is naturally screened and there is no residential or commercial development within visual distance from the property.
