SUMMARY

A real estate professional with extensive development experience in both the commercial and residential markets. Wide and varied history of creating new projects from the ground up; to specializing in renovation and rehabilitation of time worn, underutilized properties ripe for repositioning. Excellent communication and negotiating skills. Well regarded, with a long track record of consummating complicated transactions on time and within budget. Strong professional relationships with financial institutions and private equity sources and individuals that finance and invest in real estate projects. Very involved in community activities, having served on several Boards in both El Paso and Austin.

EXPERIENCE

Brokerage and Consulting

Continuously operated as a sole proprietorship from 1974 to present, doing business as the Karam Company, brokering and consulting for third parties. Recently completed a three year consulting contract with the El Paso Housing Authority performing various real estate related duties including lease negotiations with commercial tenants, liquidation of excess inventory and site selection for new projects. Currently on call for consulting with various types of companies through Coleman Research as their real estate expert in the Southwest.

W. F. Karam, Inc.

Employed by W.F. Karam, Inc., a real estate investment and development firm, in 1988, to evaluate the ongoing viability of the firm pending the founder's retirement. Promoted to President in 1994, and subsequently bought 76% of the stock. Expanded to Central Texas in 2004. Developed new and renovated old projects in three states. Those projects have included almost every aspect of real estate development that can possibly be classified as commercial, residential, or industrial real estate. From retail to warehousing and residential to multi-family, our projects have been broad and varied. Liquidated company in 2014.

K & D Development Inc.

Purchased stock in K&D Development, Inc. in 1979. Negotiated contracts and arranged financing to develop and construct many commercial real estate projects in El Paso and Southern New Mexico. Sold the company to a larger firm in 1984.

EDUCATION

BBA: University of Texas at El Paso REAL ESTATE: CCIM 101 and 102

Numerous courses on real estate development, management and law during my years in the real estate business.
