Good afternoon,

As discussed, the subject parcel is zoned R-3 and allows 12 units per acre. According to the property appraiser's website, the parcel is about 3.38 acres. $3.38 \times 12 = 40.56$. The link below is to the BANCf and MCBIA member directory which should have a list of local contractors. Once you have a concept plan, I would be more than happy to assist you with scheduling a pre-application meeting. Karen Cupp is our Development Coordinator and could answer any questions you may have regarding the development review process. Please let me know if you need any additional information. Have a great day.
