Orlando Apopka Airport Hangar

Orlando Apopka Airport (X04), formerly known as Orlando Country, is a privately-owned, public-use airport. Visibility, size and convenience best describe corner unit hangar 77, and the two adjacent lots (76 & 75), which serve as additional parking or future construction. Located within 30 driving minutes of all major attractions, Downtown Orlando and Sanford. Whether for business or personal use, it doesn't get more convenient than this.
